01 December 2025

Incident Ref: INCD-360291-f

### WE NEED TO TEMPORARILY INTERRUPT YOUR ELECTRICITY SUPPLY

From: **16:30 on Friday, 19th December 2025**  
Until: **20:30 on Friday, 19th December 2025**

(PLEASE NOTE - we expect to complete our work within the timescale but due to factors which may arise on the day the times are approximate.)

Dear Customer

We are very sorry if this causes you any inconvenience. We understand how difficult it can be without power and we only interrupt your supply where it is the last option. We will work hard to keep the outage as short as possible. If you have any questions, would like further information, or if you are dependent on electricity for medical reasons for example, please get in touch with Rob Langford on 01782 403621/622. Thank you for your patience and understanding.

<b>WHY?</b>	We are planning to carry out work to install new High Voltage underground cables. For more information please visit: <a href="http://planned.nationalgrid.co.uk/cable-installation-hv">planned.nationalgrid.co.uk/cable-installation-hv</a>
<b>ADVICE</b>	Although electrical products should cope with a short supply interruption, we advise that you switch off and unplug potentially sensitive electrical appliances: <a href="http://www.planned.nationalgrid.co.uk/advice">http://www.planned.nationalgrid.co.uk/advice</a>
